**THE SOLUTION
TO ALL YOUR
POWER NEEDS**

**WITH MAINTENANCE
EVERYTHING LASTS
LONGER!**

NEW GENERATORS

Should you require a 100% guaranteed power system for your house or business, Global Energy is the company to call.

We carry out a full energy audit of the electrical and electronic equipment in every area of your building and recommend the correct size of generator to suit your needs.

Global Energy offers a complete service, including purchase, shipping, clearing, commissioning and ongoing service and maintenance of your generator, to ensure trouble-free operation.

All generators have a one year manufacturer's warranty from date of commissioning (subject to installation and servicing by Global Energy engineers).

ELECTRICAL INSTALLATIONS

Designing a new building or rewiring an existing one? We only use first class materials and work to the highest standards to ensure your electric supply is safe to use.

GENERATOR SERVICE

For a set monthly fee, Global Energy will look after your generator for you.

Service contracts available are:

- ⚙ **Weekly Service**
- ⚙ **Two weekly Service**
- ⚙ **Monthly Service**

You will receive a monthly report on the last service with your invoice.

COMPUTER NETWORKING

We can install your computer network, including telephone systems and electrical outlets, using an all-in-one wall-mounted trunking system.

This makes it easy to change working areas and connect your computer or laptop problem-free — no more offices full of trailing cables.

AUTHORISED DEALER OF:

SOLAR SYTEMS

Whatever your requirements, Global Energy has an answer and will guide you through every step of the way, from sizing and design to installation and operation.

We use the latest computer technology to ensure the correct size of inverter, solar panels and batteries and can supply the best quality equipment (sourced in Europe) all with manufacturer's warranty and fitted to the highest standards by our solar engineers.

Please contact us by phone or by email, we are always here for you.
